Modular Approach

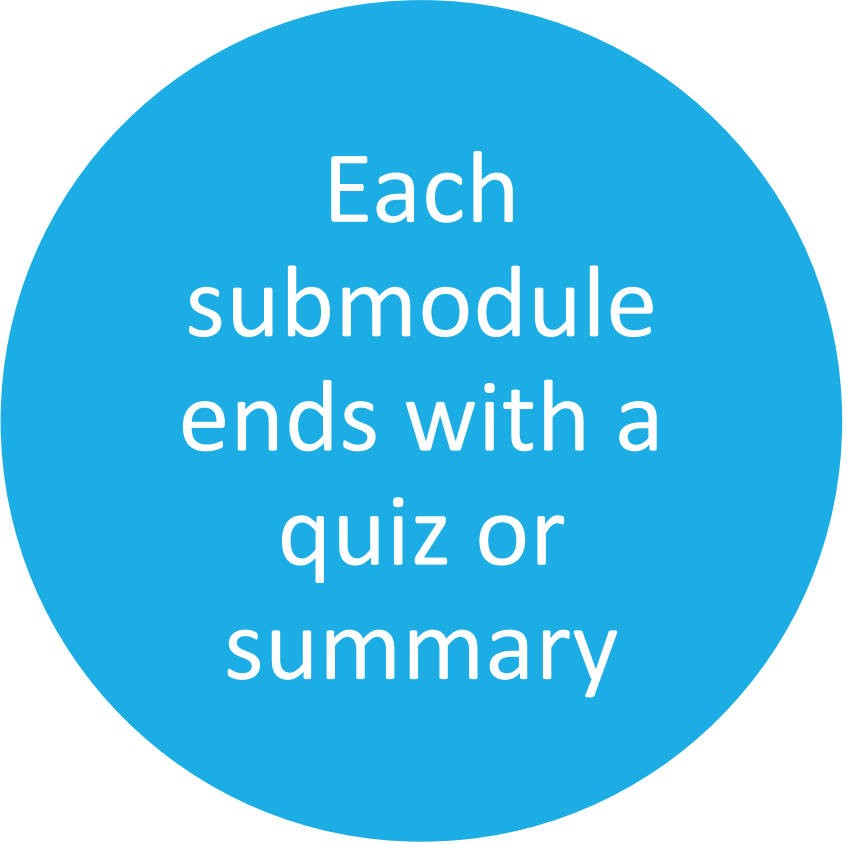

Each Module
has
submodules
that cover
one concept

Modular Approach

Each
submodule has
specific goals
and learning
objectives

Modular Approach

Each
submodule
ends with a
quiz or
summary

Modules

Choose
the Right
Words

Modules

Construct
Effective
Sentences

Modules

Create
Effective
Paragraphs

Modules

Common
Errors of
Punctuation

Modules

Write
Clinical
Case
Reports

Modules

Write
Reports of
Cross
Sectional
Studies

Modules

Write
Reports of
Cohort
Studies

Modules

Write
Reports of
Case Control
Studies

Modules

Write
Reports of
Clinical
Trials

Modules

Write
Reports of
Diagnostic
Effectiveness
Studies

Modules

Express
through
Figures
and Tables

Modules

Write a
Letter to
the Editor

Modules

Create a
Scientific
Poster

Modules

Write More
Effectively
in Less
Time

Modules

Edit, Review,
Proof Read
your own
Manuscript
